RE: Certification by Reciprocity
Florida Spectrum Environmental Services, Inc.
Georgia ID #C042

Dear Mr. Johnson:

The Georgia Department of Natural Resources, Environmental Protection Division (EPD), is in receipt of all required data necessary to fulfill your laboratory's request for Certification by Reciprocity in Georgia for the analysis of the parameters listed in the attached certificate. Therefore, in accordance with the Georgia Safe Drinking Water Act of 1977 (Sections 12-5-170 through 12-5-193, O.C.G.A.) and the Rules for Safe Drinking Water (Chapter 391-3-5), this certification is valid until June 30, 2026. This certificate is contingent upon continued Certification by the State of Florida and is non-transferable. This certificate is also contingent upon continued acceptable semi-annual Proficiency Testing results.

If Florida Spectrum Environmental Services, Inc.'s certification status is downgraded for any analyte/method by your Primary Accrediting Agency, the GA Certification Program must be notified. Any downgrade will result in the withdrawal of reciprocity for that analyte.

Prior to the expiration of this certification, please contact your accrediting/certifying authority and request that the following information be forwarded to Griffin Hughes at griffin.hughes@dnr.ga.gov.

1. Copies of the most current on-site report and accepted corrective actions
2. Copies of the Certificate and scope of accreditation listing analytes

If you have any questions, please feel free to contact Griffin Hughes at 470-524-7499.

Sincerely,

Griffin Hughes
Laboratory Certification Officer
Drinking Water Compliance Unit

Sean Earley
Program Manager
